SUMMARY OF MEETING: Mr. King attended meetings of the NFPA Electrical Section at the NFPA Fire Safety Conference, and the meeting of the NFPA Technical Committee Report Sessions for the National Fire Alarm Code (NFPA 72), the National Fuel Gas Code (NFPA 54), the Residential Sprinkler Systems Standard (NFPA 13D & 13R), and the NFPA Building Code (NFPA 5000). Proposed changes to the above codes and standards were discussed. Copies of the NFPA Report on Proposals, and the NFPA Report on Comments are available from NFPA. The above codes and standards were presented by the technical committees for adoption by the NFPA membership. After considering and acting on motions from the floor at the Technical Committee meeting, the NFPA members present voted to accept the reports, as amended, and adopt the new editions of these documents.
